## DANGER IN DELAY

## Kidney Diseases Are Too Dangerous For Gainesville People to Neglect.

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills, which has cured people right here in Gainesville.

Mrs. Eliza Ratterree, living at 201 West McCormick street, Gainesville, Fla., says: "I have not been free from dragging pains in my back for some years. I was in almost constant misery, and often the twinges were so intense that I could not move about. The secretions from my kidneys were also irregular in action and caused me further annoyance. Any cold I contracted always aggravated my trouble and at such time I would suffer severely. A friend finally advised me to try Doan's Kidney Pills and I did so. The first few doses gave me relief, and when I had taken the contents of one box the pains had disappeared and the kidneys acted in a normal manner. Doan's Kidney Pills, which I procured at J. S. Bodiford & Co's., cured me and I am glad to give them the credit."

## GEORGIA LEGISLATURE.

## Only "Near" Legislation Done—Many Bills Were Tabled.

Atlanta, July 2.—"Near-legislation" was the name given the proceedings of the house on Tuesday, for more measures were read, debated a while and "tabled" than were passed.

The entire session was consumed in short debates, when the bills would become an ended to death, the legislators undecided as to the contents, and some one would move to table, and have the bills and amendments printed for distribution among the members.

This procedure continued up to 12:45 o'clock, when the house adjourned to meet at 10 o'clock the following day.

The bill to extend the state road to the sea was read for its passage and was tabled, to come up as a special order next week.

The bill by Mr. Dykes, of Sumter, and M. Slater, of Bryan, to prevent the forfeiture of policies on life insurance for nonpayment of premiums at maturity, was read and tabled.

The bill by Mr. Adams, of Chatham, to establish children's courts, was read and tabled.

## Tax Automobiles.

State registration for automobiles, locomobiles, electric machines and the like will be the law, in a short while, if the bill which Representative Joseph D. Boyd, of Spalding, will introduce in the house becomes a law.

His measure provides that every owner of a machine propelled by other than animal motive power shall write to the secretary of state, giving his name and address, the make, and, if possible, number of the machine which he operates, and secure from him a tag which shall be attached to the rear of his machine in Arabic letters at least three inches high, followed by the letters "Ga."

For this tag and accompanying certificate, a copy of which is attached to the measure, the owner of the machine is to pay \$2.

## In the Senate.

The senate of Georgia went on record Tuesday as being opposed to the present convict lease system, when, by a vote of 22 to 4, it passed the bill introduced by Senator Crittenden, which prohibits the ordinary, county commissioner, judge of any city court, sheriff or a holder of any court from hiring or turning over to any private person or corporation or any chain-gang operated by private persons, any person or persons who may be convicted and sentenced for a misdemeanor in any court. The bill is a strong one, and provides that the officer who shall be found guilty of breaking the law shall vacate his office and in the discretion of the court be sentenced from one to three years.

## To Change the School Term.

The bill by Senator Williford relative to the change of the school year so as to begin September 1 and to end August 31 was passed by a vote of 25 to 4.

One of the most important new bills introduced was that by Senators Hardman and Dean, which defines and regulates the treatment and control of dependent and delinquent children and to establish "juvenile courts" and to provide for the punishment of persons responsible for such children.

If you have found anything see if it is advertised in the west column.

## 5 VICTIMS OF CLOUDBURST.

## Wall of Water Rushed Down Upon Town in Kansas.

Wellington, Kan., July 1.—A cloudburst just before midnight Sunday caused the death of five persons and the destruction of \$75,000 worth of property.

Men who were on the streets shortly before the occurrence declare that a wall of water six feet high swept down a ravine in the bottoms and carried everything before it. Twenty houses were swept from their foundations and carried from two to four blocks by the rush of the water.

It is supposed that the deluge was caused by a cloudburst at Cleero, six miles north of Wellington. On the opposite side of the town, Hargis creek, swollen by a partial cloudburst at Riverdale, overflowed its banks and joined the river in the bottoms.

The houses that were swept away were all occupied. The occupants in all cases were compelled to seek the house roofs for safety.

## OGDENS BACK FROM EUROPE.

## Beef King Speaks of the Foreign Financial Situation.

New York, July 2.—Mr. and Mrs. J. Ogden Armour were among the passengers of the Kron Princessin Cecilie from Bremen. Mr. Armour said that his daughter Lolita who was operated on several years ago by Dr. Lorenz, of Vienna, had almost recovered and was quite as well as any child of her age.

Regarding the financial situation, Mr. Armour said he had found a disposition among all European countries to again buy American canned meats, and that there was but small doubt that the prejudice existing since the investigation had been almost eradicated.

## DEATH CALLS GALLAGHER.

## Secret Service Man Who Acted as McKinley's Body Guard.

Chicago, July 2.—Albert Gallagher, for many years in the secret service of the United States and one of those detailed as the personal bodyguard of the late President McKinley at the time of his assassination, died here on Tuesday. It was Gallagher who seized the wrist of Czolgosz after he fatal shot was fired and wrenched the weapon from his hand. Gallagher was mistaken by the crowd for the assassin, and was set upon and beaten, and to this fact, according to the attending physician, Gallagher's death was indirectly due.

## G. B. Burhans Testifies After Four Years.

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick-dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." J. W. McCollum & Co.
